Hiring Department

University Libraries

Job Description

Missouri University of Science and Technology (Missouri S&T), one of the world's leading technological research universities, seeks a dynamic and creative Digital Scholarship Librarian. Reporting to the Associate Dean of Libraries the Digital Scholarship Librarian leads the planning, coordination, analysis and implementation of library service models focusing on scholarly communication services for the Missouri University of Science and Technology community. This position provides expertise and leadership in educating the campus community about research data management, digital publishing, intellectual property rights, open access and open scholarship initiatives, and connections between information literacy and scholarly communication. Additionally, this position engages in the exploration of new

forms of on-line scholarship, incorporating AI technologies, and in partnering with scholars on the development, implementation, assessment, enhancement and maintenance of sustainable digital projects.

Other duties include coordinating activities with other library units; planning and supervising major projects; serving on various committees and teams; and participating in regional and national library organizations as appropriate and sharing expertise with colleagues.

Qualifications

Minimum Qualifications:

- ALA-accredited master's degree in library/information science or equivalent degree in a relevant discipline by time of appointment.
- Knowledge of research tools and technologies in digital scholarship (e.g., digitization, text mining, data visualization, mapping, image analysis, etc.).
- Strong understanding of current issues and research in digital scholarship and new forms of publishing.
- Demonstrated skills of relevant scholarly communication issues, particularly with intellectual property rights and fair use.
- Ability to work collaboratively with multiple stakeholders to manage digital scholarship projects.
- Demonstrated effective communications and interpersonal skills to establish and maintain close, productive working relationships with colleagues.
- Ability to meet the requirements of the University's promotion guidelines for non-tenure track faculty.

Preferred Qualification:

- In addition to the minimum requirements, a second graduate degree in a related discipline.
- Experience with digital scholarship platforms (e.g. Digital Commons, Fedora, Omeka, DHP Press, etc.)
- Experience with grant writing.
- Experience managing projects, with ability to effectively manage competing priorities and work collaboratively across organizational boundaries.
- Demonstrated record of publication and professional contributions.

Anticipated Hiring Range

Salary is determined by a variety of factors, including but not limited to, the individual's particular combination of education, skills, and experience, as well as organizational requirements.

Your total compensation goes beyond the number on your paycheck. The University of Missouri provides generous leave, health plans, and retirement contributions that add to your bottom line.

Application Materials

Interested candidates should apply using the link provided. Please provide a cover letter, a current curriculum vitae, and a list of 5 current references. Acceptable electronic formats are PDF and MS Word. Review of applications will be ongoing and continue until the position is filled. For more information or questions please contact the Search Committee Chair, Renee Brumett at rbrumett@mst.edu.

Application Deadline

Applications will be accepted until this position is filled.

Sponsorship Information

Visa Sponsorship Information:
Applicants must be authorized to work in the United States. The University will not sponsor applicants for this position for employment visas.

Community Information

University Information
Missouri S&T is one of the nation's leading research universities with over 100-degree programs in 39 disciplines. It was founded in 1870 as one of the first technological institutions west of the Mississippi River. Located about 100 miles west of St. Louis in the vibrant community of Rolla, Missouri S&T is an accessible, safe, and friendly campus surrounded by Ozarks' scenery. Missouri S&T offers undergraduate degrees in engineering, the sciences, liberal arts, humanities, and business, with M.S. and Ph.D. programs available

in many of the science and engineering programs. With over 7,000 students and 300 faculty, Missouri S&T is big enough to accommodate a broad population, yet small enough for individuals to build high visibility and impactful careers.

KUMMER COLLEGE

Established in 2022, The Kummer College serves as a pathbreaking model for social impact, technology transfer, and interdisciplinary collaboration within a future-oriented STEM-focused university. Supported by the Kummer Institute Foundation at Missouri S&T, this unique college integrates key academic, co-curricular, and administrative activities related to technology commercialization, business innovation and entrepreneurship, systems thinking, and economic development. Within The Kummer College lives several departments: Department of Business and Information Technology (BIT), Department of Economics, Department of Engineering Management and Systems Engineering (EMSE) and Kummer Student Programs.

COLLEGE of ENGINEERING & COMPUTING (CEC)

Missouri S&T's College of Engineering and Computing is the largest of three colleges at S&T, accounting for approximately 80% of the total enrollment (about 4,500 undergraduates and 800 graduate students). The college includes more than 170 ranked faculty members who serve in 16 undergraduate programs, all with master's and doctoral equivalents organized into nine academic departments. The college recently added a bachelor's degree in biomedical engineering and a Ph.D. in bioengineering, both starting in fall 2024. Missouri S&T, supported by the College of Engineering and Computing, is nationally recognized for its career outcomes and ROI.

COLLEGE of ARTS, SCIENCES, & EDUCATION (CASE)

The College of Arts, Sciences, and Education is a catalyst of innovation, creativity, and discovery, where students and faculty work side-by-side to create and share knowledge and understanding. From arts and humanities to the natural and social sciences, the College of Arts, Sciences, and Education has a program for everyone. The College of Arts, Sciences, and Education (CASE) is made up of eleven units including Air Force ROTC, Army ROTC, Arts, Languages and Philosophy, Biological Sciences, Chemistry, English and Technical Communication, History and Political Science, Mathematics and Statistics, Physics, Psychological Science, and Education. The college is home to over 90 tenured/tenure-track and 44 non-tenure-track faculty members. CASE offers more than 85 different academic options including certificates, minors, bachelor's, master's, and doctoral degrees.

About Rolla

Rolla, Missouri offers several great advantages that help individuals enjoy a high quality of life. Rolla is an ideal place for families, with its low cost of living, excellent schools, safe neighborhoods, and a range of recreational activities suitable for all ages. The Ozark Scenic Riverways and beautiful landscapes offers abundant opportunities for outdoor enthusiasts of every lifestyle. With its vibrant community, Rolla hosts multiple events, concerts, art exhibitions, and theater performances throughout the year. The university's Leach Theatre showcases nationally renowned performers for campus and community alike. Overall, living in Rolla offers a high quality of life with a supportive community, affordable living, beautiful natural surroundings, and numerous opportunities for personal and professional growth.

Benefit Eligibility

This position is eligible for University benefits. As part of your total compensation, the University offers a comprehensive benefits package, including medical, dental and vision plans, retirement, and educational fee discounts for all four UM System campuses. For additional information on University benefits, please visit the Faculty & Staff Benefits website at https://www.umsystem.edu/totalrewards/benefits.

Equal Employment Opportunity

The University of Missouri is an Equal Opportunity Employer.

To request ADA accommodations, please call the Office of Equity & Title IX at 573-341-7734. Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, or any other status protected by applicable state or federal law. This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations or the recruiting rights of military organizations associated with the Armed Forces or the Department of Homeland Security of the United States of America.
